Zaloška cesta 2,
1000 Ljubljana,
Slovenia

Date: 24 May 2022

Reference: Final report and notification of certificate

Dear members of the Board of Directors of the Institute of Oncology Ljubljana,

Congratulations!

The OECE Accreditation and Designation Board has approved the final report and Improvement Action Plan sent on 22 April 2022. The input for the plan were the opportunities as raised by the audit team in the final peer review visit held on 23 and 24 November 2021.

The final report has been validated taking into account the advice from the Accreditation Committee.

With your approval, we would like to hand over one aluminium certificate plate and one paper certificate during the OECE Oncology Days on 16 June in Valencia. We can send a paper certificate to your centre.

The certificate will contain the following notification

*Onkološki Inštitut Ljubljana
Ljubljana, Slovenia*

meets the quality standards for cancer care and research and it is therefore designated as:
OECE Cancer Centre

The certificate is issued on: 20 May 2022, and will be valid till: 20 May 2027.

The one year follow-up of the actions and deadlines set in the action plan will take place in May 2023.
We look forward to the fruitful continuation of cooperation in the OECE Accreditation and Designation Programme.

On behalf of the OECE and the Accreditation and Designation Programme,

Prof Thierry Philip
OECE President

Dr. Jean-Benoît Burrion
Chair OECE Accreditation and Designation Board
